LAW FIRM

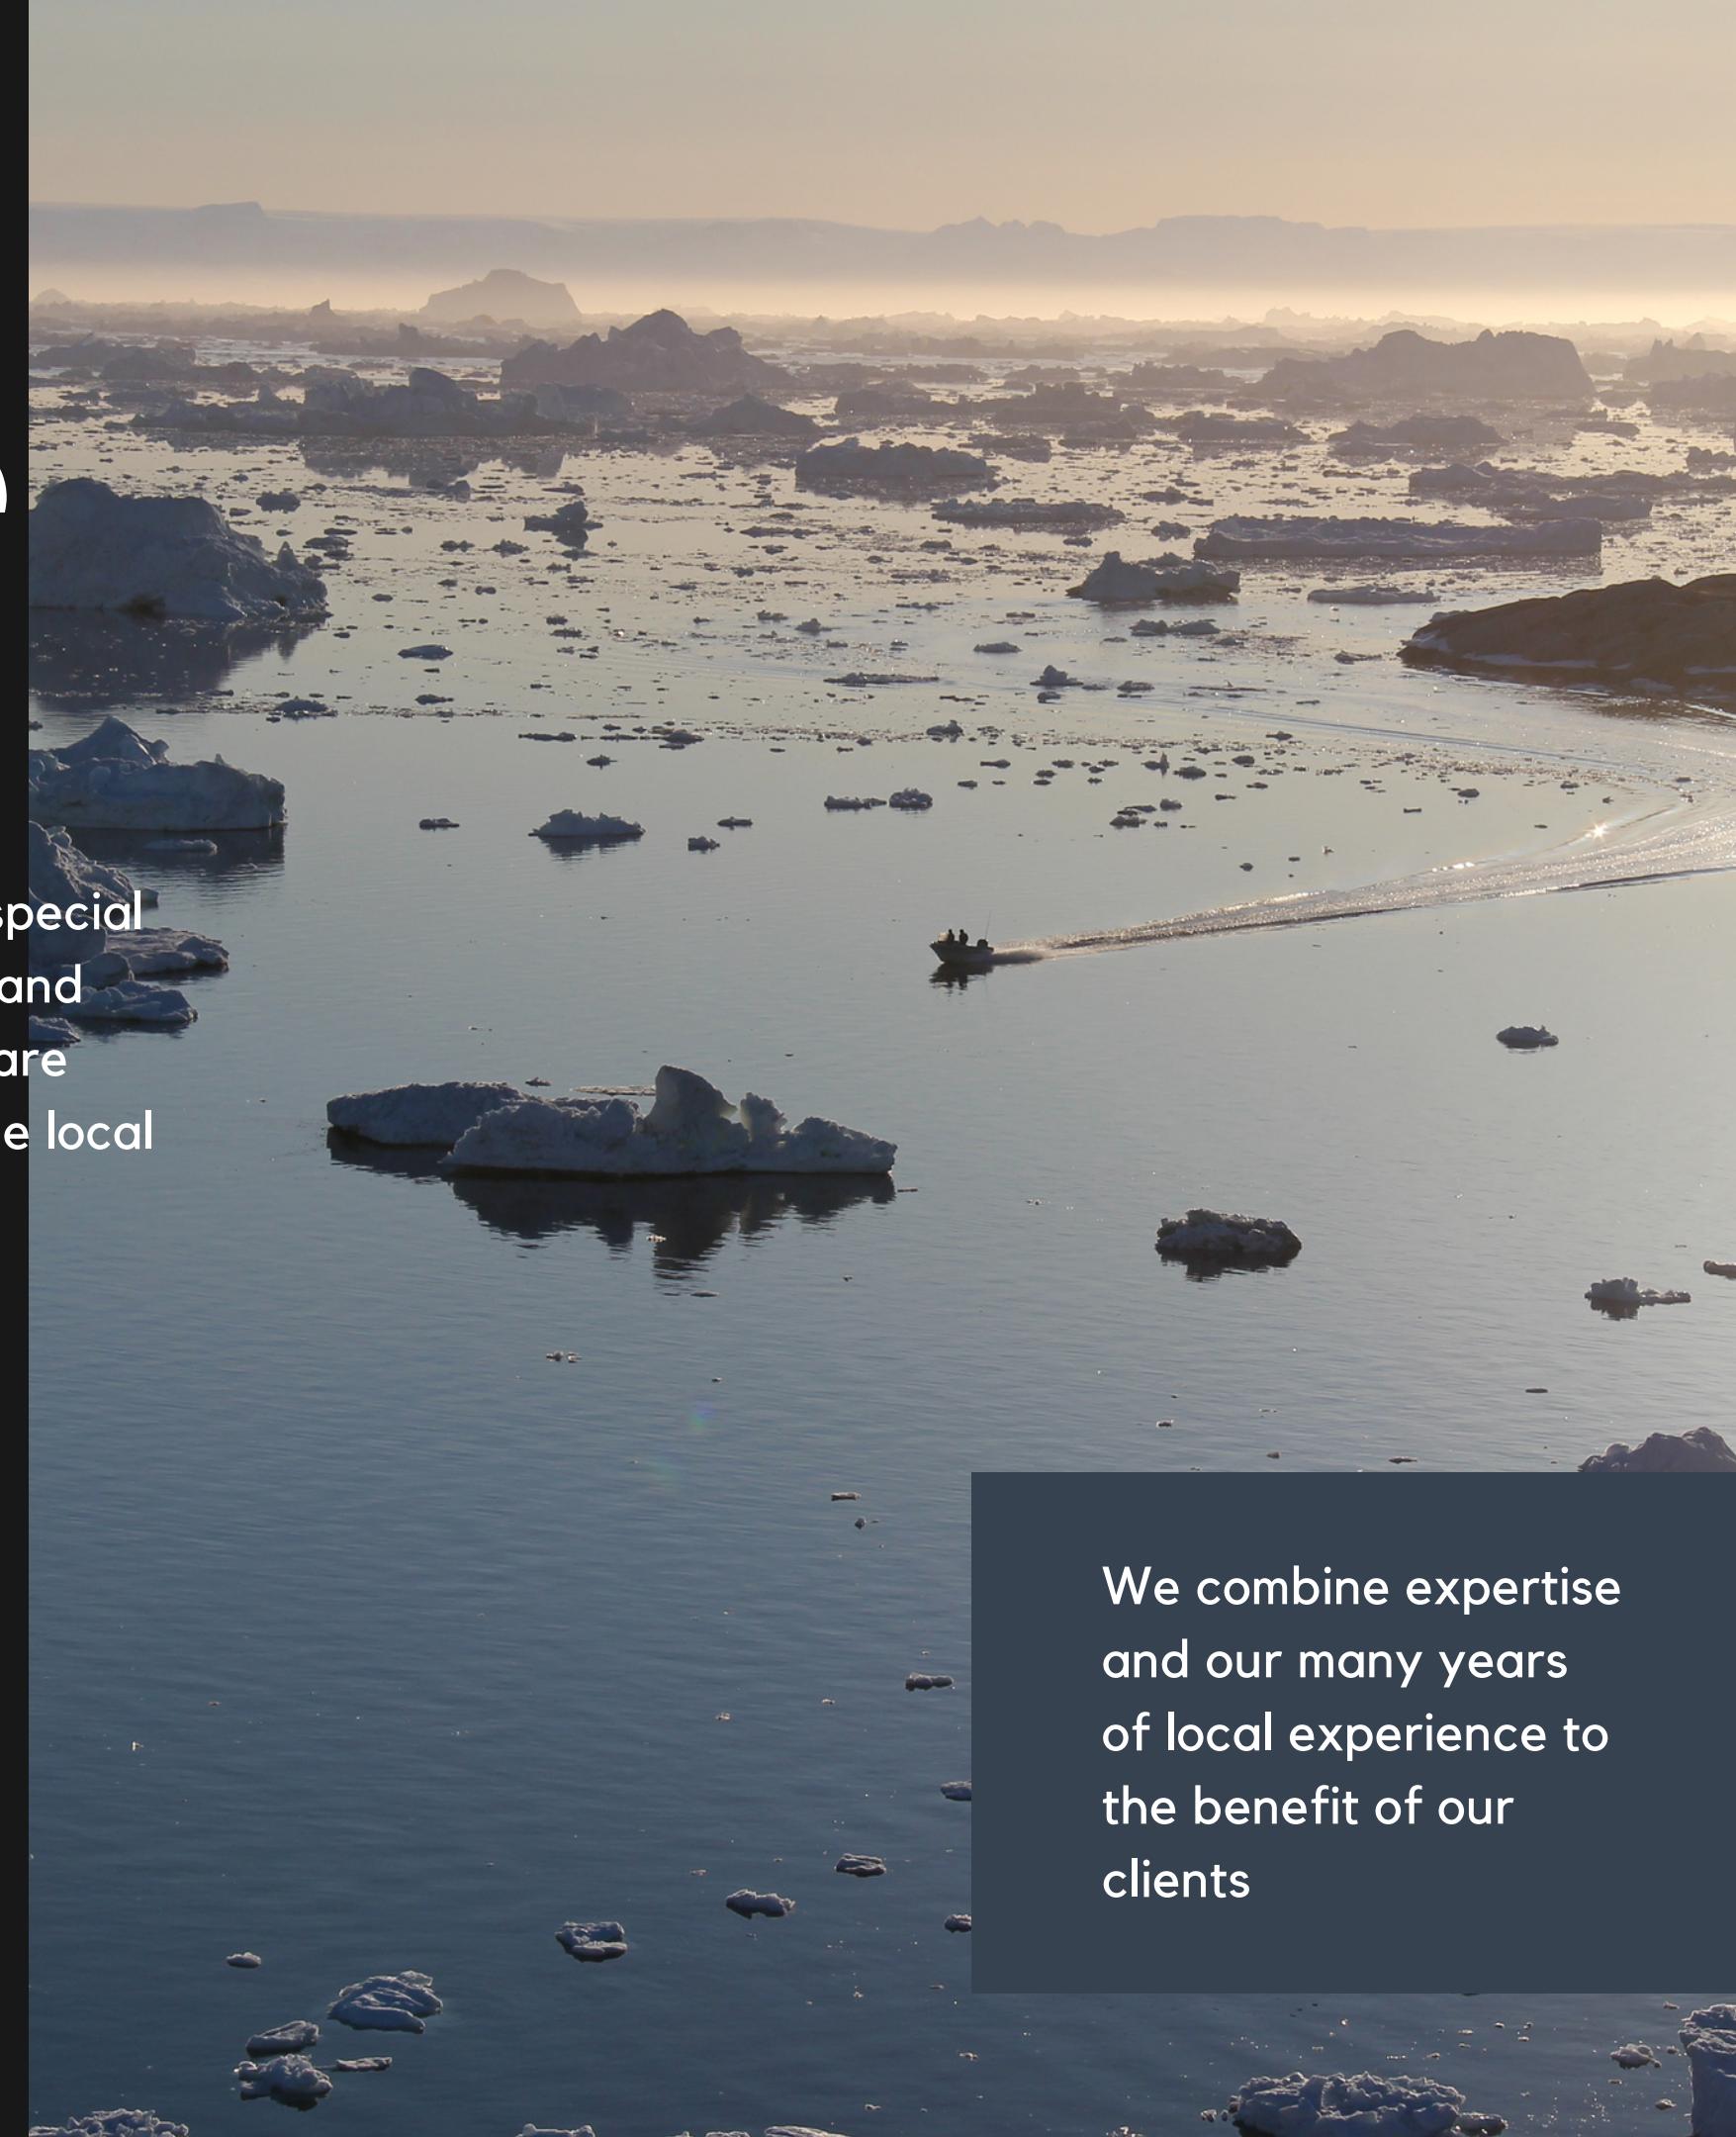

We are Nuna Law

Local and leading
Established in 1967

Nuna Law Firm is the leading law firm in Greenland.
Our offices in Nuuk were established in 1967. We
employ 8 lawyers today.

We are local

We have a unique insight into the special conditions prevailing in Greenland and extensive experience thereof. We are present every day and we know the local people (and they know us).

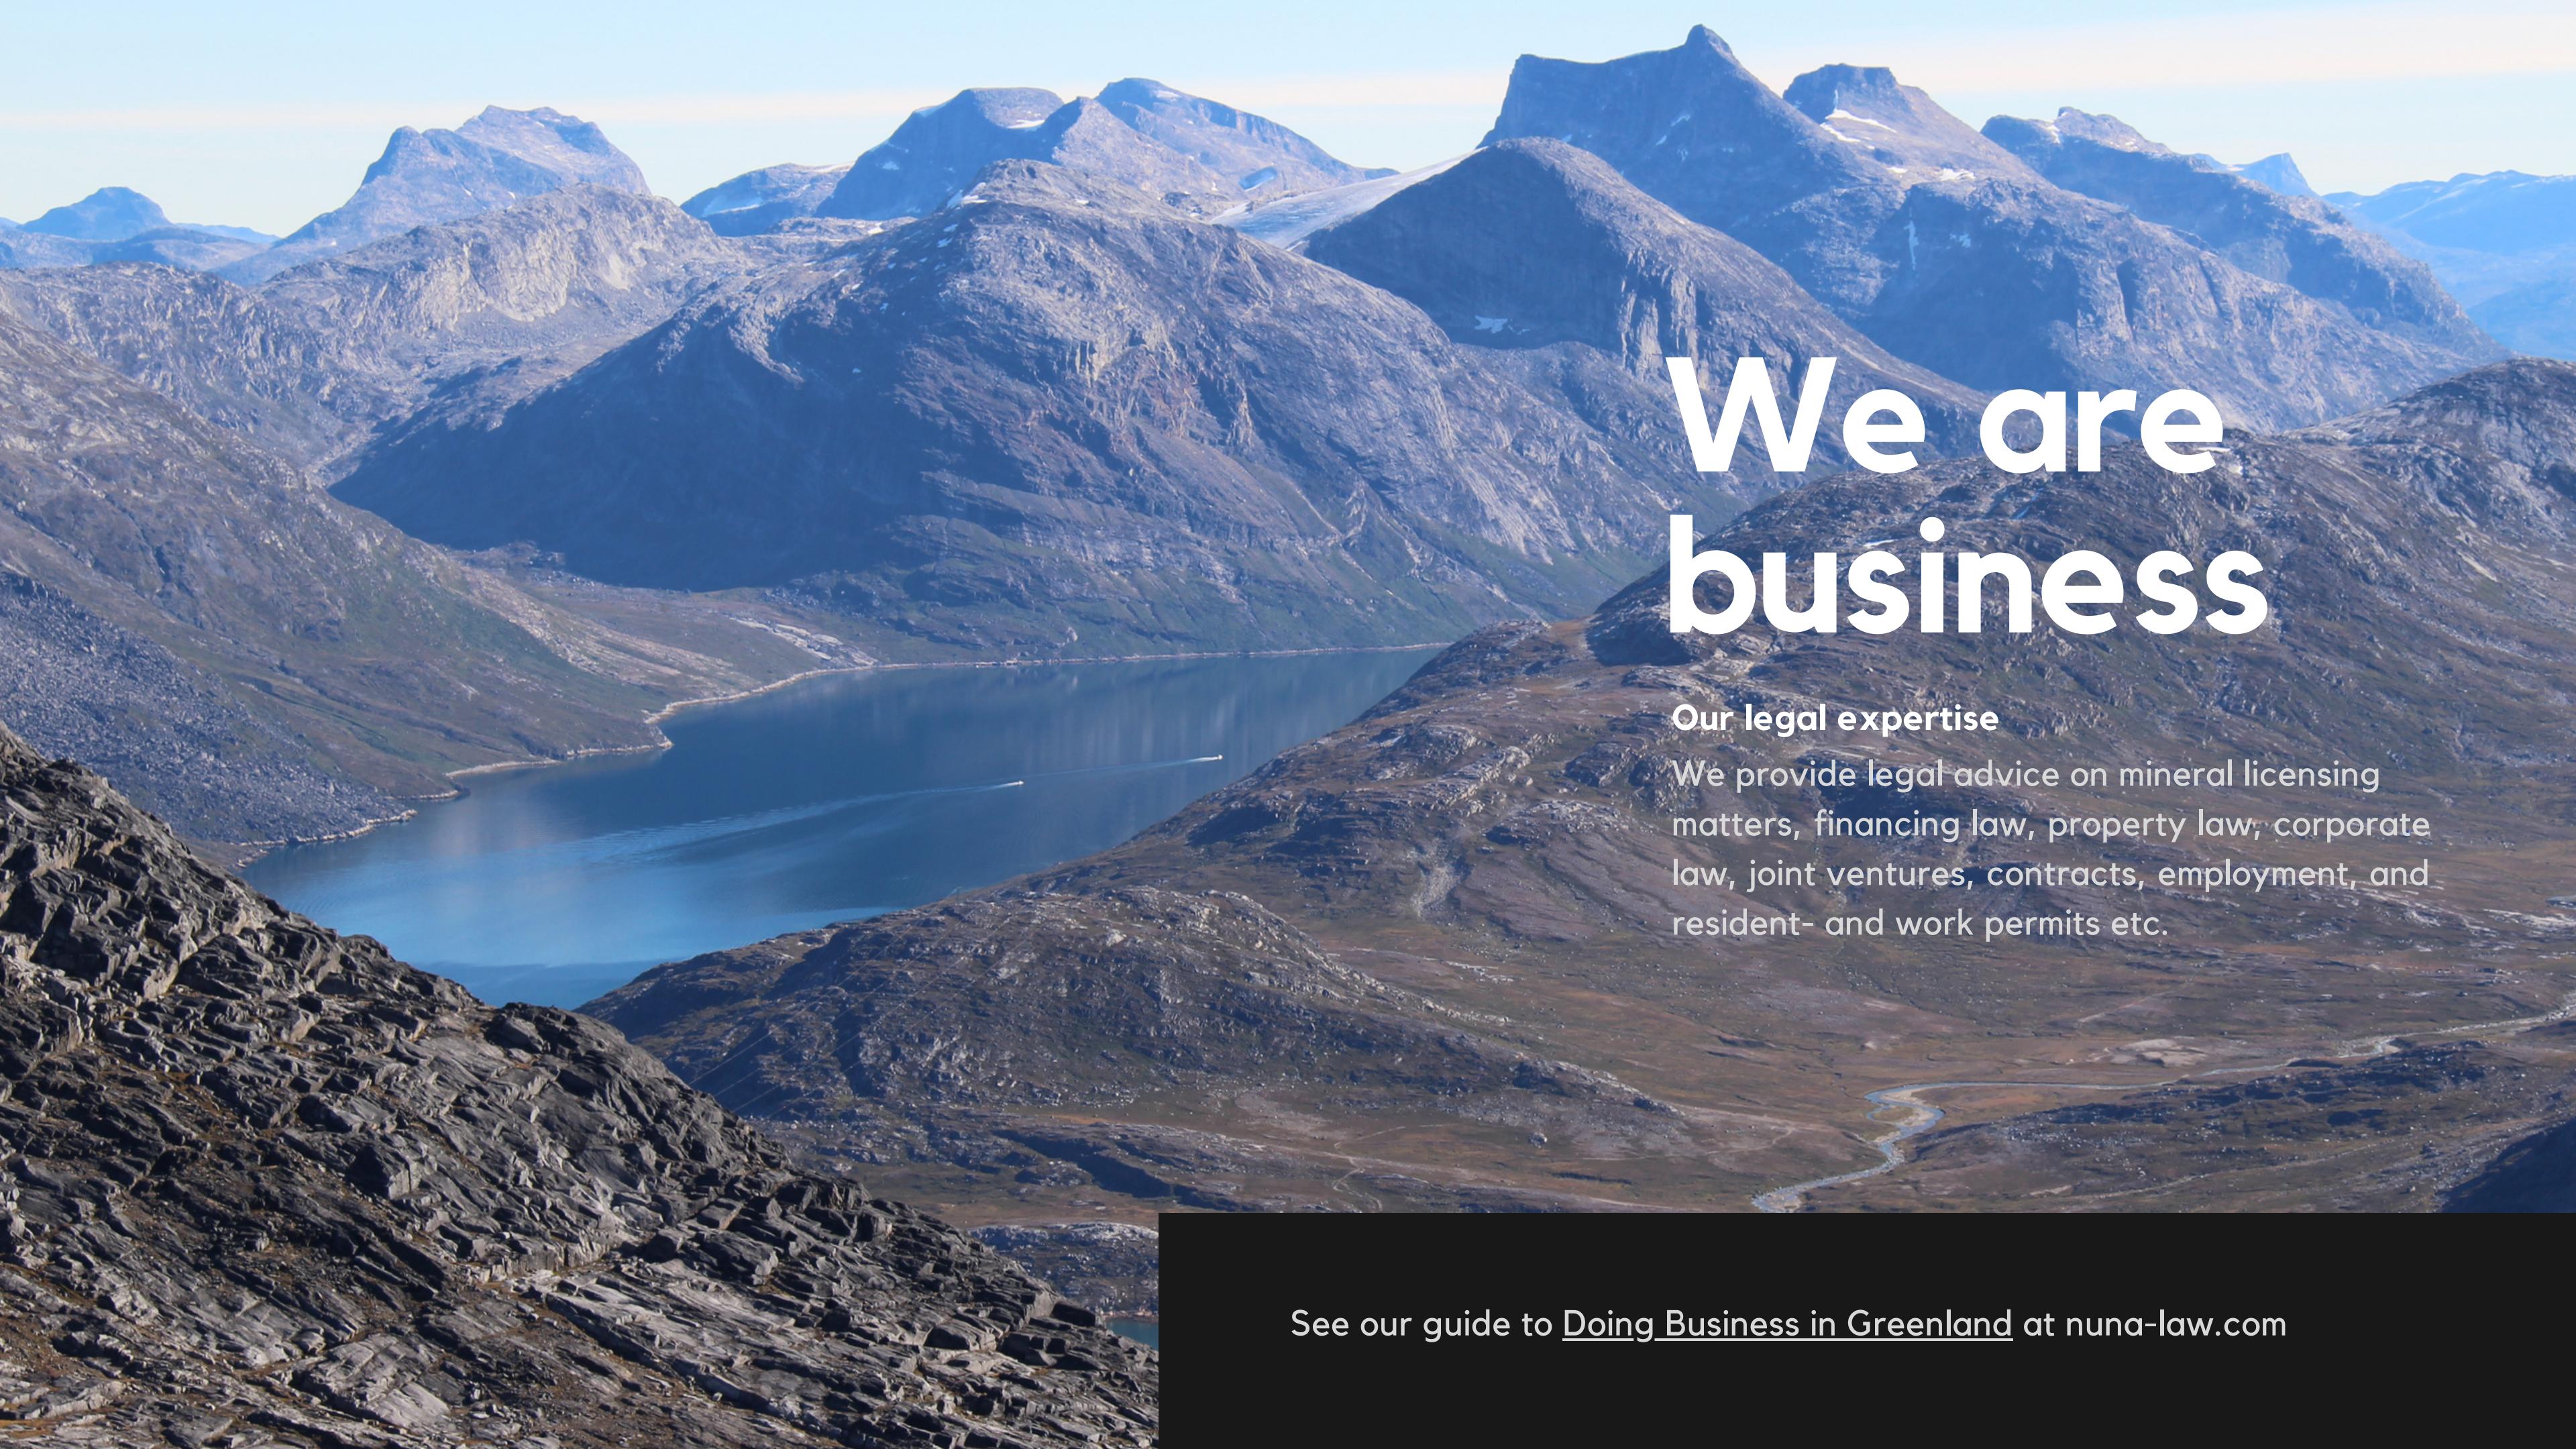

We combine expertise and our many years of local experience to the benefit of our clients

We are international

During the last 20 years, Nuna Law Firm has assisted several multinational companies involved in the mining industry in Greenland.

The background image shows a vast, rugged mountain range with deep blue shadows and bright highlights from the sun. A large, dark blue fjord or lake cuts through the center of the mountains. In the foreground, a rocky slope is visible on the left, and a winding river or stream bed is visible on the right.

We are business

Our legal expertise

We provide legal advice on mineral licensing matters, financing law, property law, corporate law, joint ventures, contracts, employment, and resident- and work permits etc.

See our guide to [Doing Business in Greenland](#) at nuna-law.com
